MARRIAGE EQUALITY AND INTERNATIONAL RELATIONS

Same-sex marriage is currently one of the major human rights issues worldwide and in the Czech Republic. We will examine the topic from an international perspective. How did it contribute to the election of President Trump? How did the adoption process unfold in various countries—did it follow the same path as in the Czech Republic, or a different one? Why does the Czech Republic still fail to recognize marriages contracted abroad, despite a ruling by the Court of Justice of the EU requiring it? How is equality promoted in diplomacy? And when will marriage equality finally become a reality here? These and many other related questions will be answered by **Judr. Adéla Horáková** from the **Jsme fér (We are fair)** organization.
